PROJECTS

Portfolio Website - React

[View in GitHub](#)

It is a digital resume & a testament to my dedication to mastering React for web development

Real Estate Website - Ongoing - MERN Stack

[View in GitHub](#)

- A feature-rich real estate website using the MERN stack
- User Authentication & Authorization
- Property listing
- Favorites & Booking

Currently working in the integration phase where both front-end & back-end components are significantly being developed.

Successfully hosted the front-end with a focus on design & animations.

Functionality is still under development

[Deployment](#)

BookStore - MERN Stack

[View in GitHub](#)

The main focus of this project is on core aspects of the MERN stack.

- Building backend CRUD operations
- Setting up routing
- Handling CORS policies
- Performing MongoDB operations
- Implementing frontend CRUD & routing

Dice Game - React

[Deployment](#)

Exciting React project where user can roll the dice and get a point if the dice value matches with the previously selected number.

[View in GitHub](#)

CERTIFICATIONS

- Advanced React by Meta
- React Basics by Meta
- Programming with JavaScript by Meta
- Introduction to Front-end Development
